9. ([REDACTED] BRIEFING (FAA) [REDACTED] Chief, Africa Division, called to say that Joseph Sisco, Under Secretary of State for Political Affairs, will be talking with Senators Hubert Humphrey and Daniel Inouye and Representative Otto Passman regarding certain economic aid programs. Sisco is interested in knowing whether any of these members have been briefed on the President's finding of 18 July 1975. I advised [REDACTED] that none of these members were briefed by the Director but I had no way of knowing whether any of the members who have been briefed might have discussed this subject with them. [REDACTED] said this would be quite adequate for his purposes.

10. [REDACTED] BRIEFING (INTELLIGENCE) Talked with Ed Braswell, Chief Counsel, Senate Armed Services Committee, about the request from Senator Richard Stone (D., Fla.) for a briefing on Soviet presence in Syria and related topics. Braswell agreed with my assessment that we should provide this briefing to Stone.

I also discussed with Braswell the letter from Senator Strom Thurmond and Representative John Ashbrook asking the Director to address the American Conservative Union. Braswell said he thought the Director should avail himself of any opportunity to speak to a group of this sort.
